Entertainment

As well as 85 acres of forest, fields, meadows and streams to explore the suite has an dry sauna, flat screen monitor with an HDMI cable to plugin your device to stream content from your services. There is also a Chromecast device to stream content from your phone or other Chromecast device.

The sauna is a 1-2 person infrared dry sauna. To use the sauna press the power button on (or off to turn off the sauna). The display will light up showing the temperature of room and the temperature that the sauna will heat up to. The display will also show the length of time the sauna will operate for.

It is important to limit the amount of time that you use the sauna and to remain hydrated.

It takes a few minutes for the sauna to heat up. Please use a towel for the bench and floor.

To use the HDMI cable connect it to your laptop or other HDMI device. Turn on the TV and click Source button on the remote then press the down arrow to choose HDMI 2. The content of your screen and audio will display on the TV screen. You can then login to your favorite streaming service and watch on the tv screen.

To use the Chromecast device turn on the TV. If the Chromecast screen isn't showing click the Source button on the remote and select HDMI 1 with the arrows. Open your Chromecast app and select the Living room. You can then stream your favorite services.

If you have never used Chromecast you will need to download the Google Home app first. Go to the Apple store or Google Play store to download this free app.

There are also a selection of games in the common room (see below).

Common Room

The common room can be used by guests.

- original Elmira wood stove can be used fall, winter and spring. Wood is available by the bundle and your hosts will be happy to provide instructions for operating it.
- antique massage chair turned on by rotating the black dial
- various games in cupboard by main entrance

The common area can also be booked for events such as family gatherings, meetings, retreats, small social events, etc. There are plates, cups, silverware and wine glasses for about 20 guests.

To book an event first book the apartment through Airbnb and send a request to Bruce and Susan. The room is not always available so book early. We also reserve the right to refuse common room bookings. Pricing depends on the type of event.

Trails

There are a number of trails on the property that can be explored by guest. The main trails are about 1 kilometer starting at the house and ending at the Indian river.
